World Bank-Aided Health Projects for Rajasthan

684. SHRI SANTOSH BAGRODIA: Will the Minister of HEALTH AND FAMILY WELFARE be pleased to state:

(a) whether the World Bank-aided health and Family Welfare projects have been started in Rajasthan during the last three years;

(b) if so, the details thereof and the amount, sanctioned for the purpose;

(c) whether any other foreign aid is being utilized for health care purposes in the State; and

(d) if so, the details thereof?

THE MINISTER OF STATE IN THE MINISTRY OF HEALTH AND FAMILY WELFARE [DR. (SHRIMATI) RITA VERMAJ: (a) to (d)

WORLD BANK ASSISTED IPP-IX RAJASTHAN:

A World Bank assisted IPP-IX Project is being implemented in Rajasthan in ten districts namely Jodhpur, Pali Sirohi, Barmer, Jalore, Nagaur, Bikaner, Ganganagar. Churu, and Jaisalmer w.e.f. 16th June, 1994 up to 31st December, 2001 at a total cost of Rs. 124.94 crores. The Project aims at improving the delivery of the health and family welfare services to the rural population in the Stdtp by augmenting the health and family infrastructure such as Sub Centre, Primary Health Centres, training Institutions and through better training and demand generation activities. A total of 738 Sub Centres out of 800 Sub Centres, 17 out of 25 PHCs, 50 out of 100 delivery rooms at the FRUs, 23 drug warehouses and one out of two Districts Training Centres have been constructed so far. Most of the other buildings are in various stages of construction. The other components of the Project are training, IEC, involvement of NGOs and innovative schemes

The State has reported an expenditure of Rs. 54.26 Crores as against the Grants in-aid of Rs.59.54 crores released.

INTEGRATED POPULATION AND DEVELOPMENT(IPD) PROJECT.

The UNFPA assisted IPD Project is being implemented in 6 districts of the State namely Alwar, Bhilwara, Udaipur, Chittorgarh, Swai Madhopur and Bharatpur w.e.f. 21 December, 1998 at a total cost of Rs.42.82 crores. The objectives of the project are improving access and quality of Reproductive Health Services, increasing clinical/managerial competence of the staff, generating demand for services through community involvement and community education, facilitating decentralised planning of programme activities.

The State has reported an expenditure of Rs. 1.34 crores as against the Grants-in-aid of Rs. 10.00 crores released.

DISTRICT REPRODUCTIVE HEALTH PROJECT, BUNDI:

A UNFPA assisted District Reproductive Health Project was under implementation in Bundi district of Rajasthan w.e.f. 16th July, 1997 for the period of three years at the cost of Rs. 2.21 crores. The Objective of the Project was to improve the quality of Reproductive Health Services in that district. Thirteen Medical Officers were trained in NSV and RTI Training. The State has reported an expenditure of Rs.0.77 crore as against the Grants-in-aid of Rs. 1.16 crores released.

WORLD BANK ASSISTED RCH-SUB PROJECTS RAJASTHAN:

World Bank assisted Reproductive and Child Health Sub Projects are under implementation in Tonk district and Jaipur city of Rajasthan at a total cost of Rs. 10.23 crores and Rs. 13.10 crores respectively w.e.f. October, 1997 for a period of five years to address the gaps in the delivery of Family Welfare Care Services by improving services to the disadvantaged groups in these areas so as to enable them to achieve an overall RCH status equivalent to the average of that State. The main activities under these Sub Projects are civil works, procurement, IEC, NGO, innovative schemes etc.

So far, this Ministry has released for both the Sub Project an amount of Rs. 4.00 crores, against which the State has reported an expenditure of Rs. 0.94 crores.

ENHANCED MALARIA CONTROL PROJECT

An Enhanced Malaria Control Project is the Scheme for control of Malaria with a population of 4.9 million being covered by it in 34 PHCs under 10 districts of Rajasthan.

The criteria of inclusion of the PHC was:

1. Annual Parasite Incidence (API) of more than 2 for the last three years;
2. P. falciparum is more than 30% of malaria cases;
3. 25% population of the PHC is tribal; and
4. The area has been reporting deaths due to malaria.

There are four technical elements of the revised malaria control strategy:

— to provide early diagnosis and prompt treatment;

— to plan *SL* implement selective & sustainable preventive measures including vector control;

— to detect early, contain or prevent epidemics; and

— to strengthen local capacities in basic & applied research to permit & promote the regular assessment of a country's malaria situation, in particular the ecological, social and economic detriments of the disease.

For all the four components needed to be fully operational, the World Bank has been providing an additional input in the form of cash grant/commodity to the selected districts via District Malaria Control Societies. The details of the cash grant/commodities for the last three years given to the State of Rajasthan is enclosed as Statement- I (See below).
